

Candidates ranking list in the competition for the Ph.D. position
in OPUS 20 Research Project
*“Artificial magnetic domains without domain walls in magnetically patterned
Rare-Earth– Transition-Metal ferrimagnetic films (TWIST)”*
(Procedure No. 25/2021/IFM/PSD)

According to the information presented in the competition announcement (August 23, 2021), the Recruitment Committee assessed the candidates based on the point scale described in the regulations on awarding NCN scholarships (Annex to the NCN Council Resolution No. 25/2019 of March 14, 2019), taking into account the candidate's scientific achievements, achievements resulting from conducting scientific research as well as competences of candidates for specific tasks in a research project. Based on the awarded points, the Recruitment Committee created a ranking list of candidates, in the order of the highest rated:

1. Daniel Kiphart,
2. Ismail Khawar,
3. Aditi Manna.

A necessary condition for receiving the scholarship is a qualification to the Poznań Doctoral School of Institutes of the Polish Academy of Sciences.
